First of all, congratulations to Jeanie, who is the winner of Uprooting Anger. Thank you to everyone who submitted your name into the drawing.

"I will bend like a reed in the wind." - Imgur

This may either refer to John's gesture in preaching, who might wave to and fro as a reed does, when shaken by the wind; and Christ's question is, did ye go out .

What's the Meaning of "A Reed Swayed by the Wind?" | Kathy Collard Miller

The Oak and the Reed is one of Aesop's Fables and is numbered 70 in the Perry Index. The tree taunts the reed for its frailty and yielding to every wind but the reed does not answer back. The wisdom of its behaviour becomes apparent when.

On the upper surface of the trunks the stems grow alternately in A Reed in the Wind rows; their thickness at the junction is often four inches, and their height fifteen feet, gracefully tapering until at the top is a little round knob, with long, thin brown, wire-like hairs eighteen inches long, which rise and then, recurving, hang about it in a thyrsus-shaped head. The thrill was wondering if he would come up with something surprising or worthy of repetition.
