Resilient | Definition of Resilient by Merriam-Webster

Resilience is that ineffable quality that allows some people to be knocked down by life and come back stronger than ever. Rather than letting failure overcome.

Resilient | Definition of Resilient by Merriam-Webster

Resilience is that ineffable quality that allows some people to be knocked down by life and come back stronger than ever. Rather than letting failure overcome.

From Middle English resilient, from Old French resilient, from Latin resiliens, present active resilient (comparative more resilient, superlative most resilient).

When something is strong and able to recover from damage quickly, call it resilient. If you're rough on your toys, the ones that don't break are resilient.
