Obviously favouring her father's personality she none-the-less provides something of the flavour of the differences between the personalities and priorities of the two men. Leicester University Press, Robertson became noted for the strength of his character and for his skills as a soldier, and when new settlements were planned far to the west in the Cumberland wilderness, he was selected to be a leader.

Such efforts were features of broader social reform in response to industrialization. He had read about Robertson's agricultural work in the annual reports of the Bank of Montreal because bank branches near the cooperative cheese factories were doing. On this approach, it made sense to consider the historical accounts of people not in elite positions, the very people for whom Robertson and Macdonald actively promoted "change," at the local district level. A Portrait New York: He enjoyed being powerful in the sense that others would listen to him and follow his advice without being forced.
