The content is very disappointing to say the least. If you want to create digital products, Facebook Ads allow you to target the exact demographic of your customers and you can measure results from views, clicks, purchases, and make sense of the Return on Investment of your marketing investment. Lists with This Book.
The credentials are strong. The book does not talk in examples and almost sounds like a boring lecture. They do this through understanding users and potential users in detail and evaluating opportunities to solve problems for those users.
