Davis September 8, Unless they pose an immediate threat, foreign ports that are not deemed in compliance with US security requirements will be notified and given 90 days to correct the problems.

A new multipurpose meter patrol ship will be used by the Estonian Police and Border Guard. This requirement is targeted at US domestic vessel and port facility workers, and will only apply to foreign individuals who arrive at US ports by sea and seek "unescorted access" to designated areas within a port facility. It is also conceivable that the improved monitoring in handling and loading equipment, the greater use of IT and resulting lower personnel costs, fewer thefts Terrorism and the Maritime Transportation System to improved security, and the lower insurance premiums as a result of greater security could cut costs in the long run.

One solitary breach of security can compromise the security of the entire log

was a broad brush law that extended far beyond the maritime realm to encompass any and all acts of sedition against the United States, and came at the height of World War I.
