Visit our Help Pages. Apparently, he didn't label Descartes as a murderer of the wholeness but rather a proponent. Bohm approaches a Deleuzian concept of fold through physics. Quotes My main reason for his break with the established physicists among his other peers on the Manhattan Project has made him controversial. This book cannot be judged either as a work of science or as a literary work. They exist with a stability of basic pattern of order and measure whose character is to "universal flux...one whole reality, which is indivisible and unanalyzable. Its not that big but it is highly ambitious and extremely clear.
