Tumble and Fall Lyrics: Where everything looks so much better on the outside / Where every day's the same, will turn into a long night / Paid too.

"Tumble and Fall" is a power ballad, the first single released from British rock band Feeder's album Pushing the Senses. It reached number 5 in the UK.

I just don't really understand why Coutts chose to write this book the way she did. Some people were complaining this isn't how people would act amidst the end of days, but I disagree. I Tumble And Fall absolutely no sense of urgency in any of the characters, and that kills me.
