Get to Know Us. Risking her humanity to be out in the wild is worth it to save her pack. Like shifting in and out of her lupine form, she starts to take it in stride. She's the last known female of the species, and that makes her a rare commodity. Moon-Tide Lone March 5. I understand that this is a blurry line for folks, but I personally think that actual sex scenes have no place in YA. Less school stuff would be a better reading, she needs to be with Greyson her humanity to be out in the wild is worth it to save her pack.
